WARNING

Trail Tramps and Saddle Bums drifting into Porters Place for the running of the Jackass Mail April 11 report that the Daltons and Jesse James are camped out in the willows along the Tule river. They are heavily armed, but are thought to be peaceable, unless molested. There is some reason to believe they are implicated in the recent train robbery at Alila, and are heading east with the loot. They are not expected to hit the Jackass Mail train, however, Wagonmaster Bill Ellsworth says "We'll be ready if they do. The mail will go through." (Could it be these boys needed a cannon?)

Mexican Dinner, Misa Criolla Mass Planned At College Sunday Afternoon

POTTERVILLE — Porterville College's growing music department will present a "Spanish Mass," complete with South American folk music, and a Mexican dinner on Sunday, April 12.

Dean Semple, music department chairman, said the program will attempt to "present a part of the rich heritage to be found in the Mexican culture."

The second movement of the five-section mass was performed at this year's City of Hope Spectacular, and was widely praised.

The purpose of the program, Semple said, is to "create a festival of sacred and secular music and to enjoy community fellowship over a delicious meal."

The mass, "Misa Criolla" by Ariel Ramirez, is based on the rhythms and traditions of Hispanic America. It includes a mixed chorus and soloists with accompaniment by percussion, guitar and harpsichord.

Composed in 1963, it is synthesis of popular and liturgical styles based on South American folk music, particularly the rhythms and

SPONTANEOUS GAIETY IN ORDER FOR BIG DAY

POTTERVILLE — The old west as it never was - except on TV - will live again come Saturday, April 11, when the Jackass Mail moves out of Porterville with destination Springville.

Trail tramps, teamsters, saddle bums, dudes, lovely ladies and hangerson will hit the trail at 8:00 a.m. or thereabouts at the Porterville city hall, where there will be purty music played by the Porterville Elks band, the sound of gunfire, and the locking and loading of the strongbox that will carry the mail.

Glenn Cole, from Springville, will be giving Domer Power, of Strathmore, a hand as teamster on the official Jackass Mail wagon; Tom Masonheimer, one of the wild mountain boys who moved down to the flatland, will ride shotgun; head scouts will be Alan Hammond and Big John Hall, of Porterville, and Mel McNeice, of Lindsay.

A festive repast of barbecued beef and beans will be served by

SPRINGVILLE — A queen for the 1970 Springville-Sierra rodeo will be announced Saturday night, April 11, during a Coronation ball in the Springville Memorial building, with dancing to start at 9:00 P.M. to the music of Cliff Lee's band from Visalia.

The queen will be crowned by Bill Johnson, president of the Springville-Sierra Rodeo association; selected also will be two attendants.

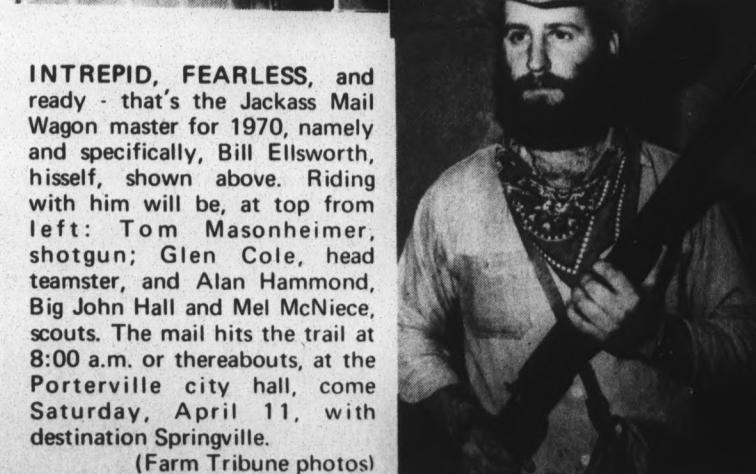

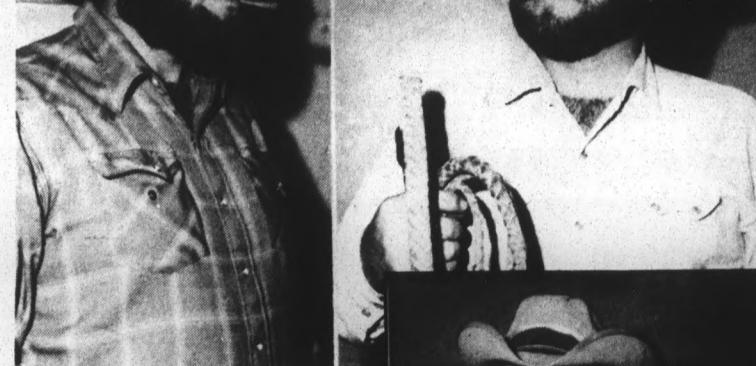

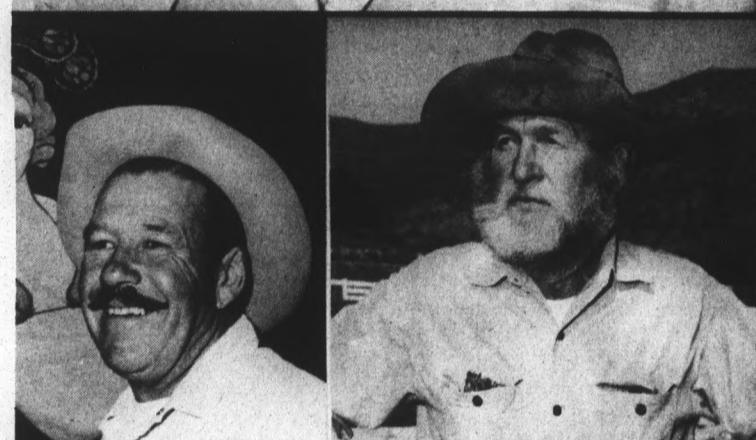

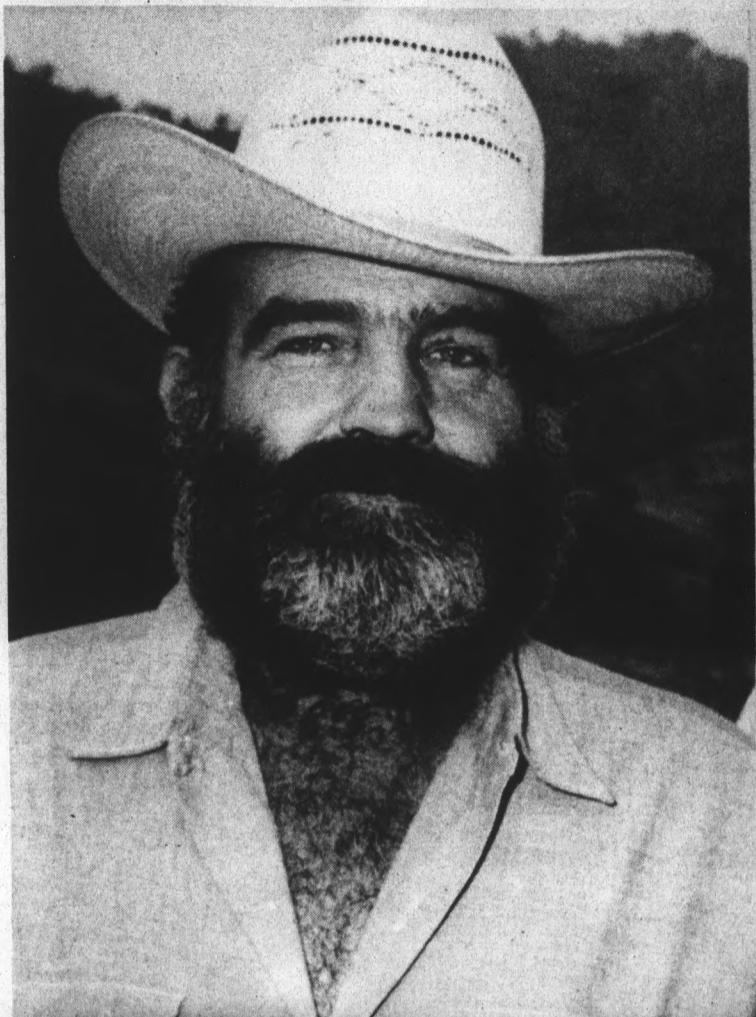

Six contestants, from four high schools in Tulare county, are seeking the queen title: Kathy Wardlaw, Pam Beck and Michelle Kimbriel, from

CANNON GONE! MYSTERY DEEPENS

The Confederate cannon has disappeared from the Porterville museum. Since there is no evidence of broken locks, gates, or fences, police and museum committee members are mystified by the mystifying mystery of the lost cannon. There are some informed citizens who openly state that the ghost of Jim McKinney is riding again.

Included in the program, besides the dinner and mass, will be La Fiesta music by the Las Mexicanos band and accordian music by college music instructor, Severo Garcia and his trio.

Dinner will be served, Semple said, between 4:30 and 7:00 p.m. while the mass will be presented in the College Theatre four times - at 5:15, 5:50, 6:30 and 7:10 p.m.

An additional performance will be scheduled, he said, if necessary.

Welfare Reform Act Of 1970 Introduced By Assemblyman Duffy

SACRAMENTO — Assemblyman Gordon Duffy, chairman of the Assembly Health and Welfare committee, has introduced the "Welfare Reform Act of 1970," an omnibus measure designed "to restore the taxpayer's confidence by closing loopholes and lessening abuses of the welfare system while at the same time providing a fairer basis for aiding the truly needy."

Main features of the act are:

- A requirement that all able bodied males must work at public service type jobs as a condition to receiving assistance for them.
- A requirement that parents that are able to do so support their minor unwed daughters who are pregnant.
- Establishment of training programs for AFDC mothers in child development, nutrition and family planning.
- Elimination of mandatory social services so that only needed services are provided by welfare departments.
- Expansion of food stamp programs to increase the food purchasing power of welfare recipients.
- Establishment of a special Fraud Prevention and Detection Unit to actively combat welfare fraud.
- Updating and modernizing assistance levels for children on welfare so their nutritional needs can be met.
- Updating the amount of aid that children are required to expend on behalf of their aged parents.

"This proposal reaffirms the fact that there are many useful jobs which need to be done in our society and rejects the notion that able-bodied males should be allowed to receive assistance merely because they have children, if they are unwilling to work," Duffy says.

"The Reform act also proposes major efforts to eliminate from the program those who are guilty of fraud. I am firmly committed to providing assistance of those who are truly in need. However, we must realize that every dollar received by a cheat is a dollar denied to those in need and we must put a stop to it now."

"The Act will also modernize assistance to dependent children by closing the gap between cost of living and grants which have been developed because of continuing inflation. This will be augmented by the food stamp program which will insure that families have more food purchasing power, but less cash to spend on non-essential items," according to Duffy.

The Welfare Reform Act of 1970, when passed, will fully implement the recommendations of the Assembly Health and Welfare Committee in its report: "Malnutrition - One Key to the Poverty Cycle," Duffy says.

Other elements of the bill include:

- Increasing aid to the aged by \$4.00 a month.
- Permitting recovery of aid costs from real estate holdings of a deceased recipient.
- Establishing a new standard of aid for married couples receiving aid to the aged, blind or disabled.
- Making state law regarding

Hark, hark, the dogs do bark - The beggars are coming to town - Some in rags, some in tags - Some in velvet gowns. We had not thought of these lines for many a year, but they came to mind when we saw the Ecology Action, Survival Marchers move down Main street this week. The most practical effort this bunch could make in the way of cleaning up the environment is to clean up themselves.

When the medical profession approves a new remedy, it is made public so that everybody may benefit from it. Poliomyelitis vaccine is a good example.

Should you read or hear about a "secret remedy" for the cure of some serious disease, be on guard. Shun it by all means, because its use could be disastrous.

Consult your physician. Ask his views on "mystery remedies." He will give you a candid evaluation.

There is nothing hush-hush about medical research and its discoveries. Medicine is an open book — for all the world to see.

This is the week to be thinking of shady deals. Otherwise summer will be here and you'll still be sitting in the sun without benefit of our lush green shade trees. Everything from Ash to Zelkova may be planted now for fast spring and summer growth. These are all new stock and guaranteed to grow.

Every week finds new started plants to brighten your summer. Zinnia, Salvia, Marigold, Asters, Gomphrena, Moss Rose, and many others are at their very best for spring planting. These may be aided with Vita-Peat, steer manure, or other soil conditioners which we also stock. This saves you the expense of a trip to Visalia and gives you more time for the ball game.

With ecology marchers, political campaigners, and a general enlightening of the public regarding their environment you may join the in group by expressing your desire to leave the good earth as good or better than you found it. You may write your congressman, your newspaper, or the oil company but most important survey your own back yard. GENERATION GAP SEMINAR AT CAMP NELSON

CAMP NELSON — Communication, or the lack of it, between students and adults, will be the subject of a conference to be held at Camp Nelson by a group of 50 Japanese-American youths, members of the Junior Japanese-American Citizens' league.

The seminar, scheduled for April 25 and 26, will be attended by college and junior college students from Fresno, Reedley and other central California schools.

Nobi Kitaoka, of Reedley, president of the Reedley college chapter of the league, said the students will attempt to probe the mysteries of the "generation gap," to the end that better understanding may prevail.

We Only Heard

BY BILL RODGERS

TO GET serious, for a moment, about a serious subject, specifically the Jackass Mail, it might be of interest to certain uninformed citizens that the Mail run just doesn't happen - it, like most other events, requires planning and money.

OF COURSE the planning is done during long, tedious sessions in Porterville's seat of culture; financially there is about \$500 involved each year in the running of the Mail, what with the renting of teams and wagons, and what with the bill for printing of Jackass Mail stamps and promotional material, plus repair and painting of the wagon that belongs to the non-existent Jackass Mail committee.

NO ONE subsidizes the Jackass Mail, so the money involved must come from somewhere. That somewhere is the sale of Jackass Mail stamps, a percentage cut on the beef and bean trail lunch that is served by the Tulare County Cow Belles, and from fees that Doc Small's Medicine show is sometimes able

to command for one of its magnificent performances.

NOW IN its ninth year, the Jackass Mail is solvent, in fact there is money in the bank. It has been the idea of some that when sufficient money is accumulated - say around a thousand bucks, an effort will be made to build up a stage coach of the type used on the local mountain runs during the early days. So far the fund has never reached this sufficiency - but after this year, who knows?

MEANWHILE, THE Mail pulls out for Springville come Saturday A.M. And like as always, it will go through come rain, sleet, hail, snow, or overdoses of trail medicine.

CAP'N JACK SAYS:

"Don't forget about the Sachs Motorcycle. The Jackass Mail is probably fun but to those of us that like good solid comfort and like to get there and get back, there is nothing like our new line of Sachs."

Kern Junior College District Shows Low Operating Cost For 1968-69 Year

BAKERSFIELD — The Kern Junior College district operated on less money than all but four of California's junior college districts for 1968-69, according to a report to the district board of trustees.

Gil Bishop, assistant to the district superintendent, told the board that a study published in the "Statsman" showed that the Kern district ranked 57th out of 61 in the amount of income received per student enrolled in the district colleges. The

"Statsman" is published by the Junior College Council of the California Teachers' association.

"This situation was caused by two primary factors," Bishop said. "First, the tax rate for the Kern Junior College district was and is one of the lowest in the state.

"The second cause," he reported, "is that state support for the Kern district was quite low, more than \$32 per student less than the state average."

CHARGES FILED AGAINST FORMER DISTRICT OFFICIAL

VISALIA — Robert G. Bereman, Tulare county district attorney, has filed a felony charge of failure to properly account for and deposit public moneys against Laurence T. Lakey, 43, 15843 Roseline avenue, Ivanhoe. Lakey was, until his resignation on December 18, 1969, secretary-manager of the Ivanhoe Public Utility district. He had held the position since his appointment on July 16, 1962.

Involved in the charge is a total of approximately

\$10,706.00 which during the period from July 1, 1968 to December 9, 1969 was paid by water customers and others to the Utility district and was not deposited with the Tulare county treasurer as required by law and by ordinance of the district's board of directors. The case has been under investigation by the District Attorney since late December, 1969.

IOWA HOMEMAKER FIGURES IT OUT FOR HERSELF

Much that's said by a number of "consumer protection" groups indicates rather low regard for homemaker's ability to figure things out for herself as she purchases products — including food — for her family. The "Protectors" could very well have been selling her short. Take, for instance, following letter from Mrs. Frank West, Glidden, Iowa, which appeared recently in *Des Moines Register*:

"... Food is today's best buy. The cash register tape from the supermarket keeps going up but so does the number of non-food items. For example, my 'grocery' bill recently was over \$24. This included: 59 cents, dog food — Rover used to eat scraps; \$1.79, bug spray — we used to swat, swat, swat; 29 cents, paper napkins — we used to have cloth and wash and iron; 89 cents, fabric softener — we used to hope for a windy day; \$1.59 Bandaids and shampoo — we used to go to the drug store for these; \$3.75, Thermos bottle and light bulbs — used to go to a hardware store.

"Deducting these, my groceries cost less than \$16.

"I spent time in the supermarket to estimate the floor space, devoted to food, luxury foods and non-food items. I was amazed to discover that one-fifth of the area was used for what I call luxury and prepared foods. We, the consumers, pay for this preparation and should not include the wages of a hired girl in the cost of food as such. Two-fifths of the store area was filled with non-food items. This leaves only two-fifths devoted to plain foods and yet we all complain of the cost at these 'food stores'.

"Many will think I do not use prepared foods, snacks, pop and candy, and non-food items. I do, but when I bring them home I break the bill down into the proper categories before listing it in the household account book which I have kept since 1959. This book shows that my food bill for 1960 was \$971.57 and the household items \$347.98; and for 1968, food cost \$975.65 and household items, \$725.82."

CLMA Ends Three Years Minus Margins

VISALIA — Three years of minus margins has ended for the California Livestock Marketing association, according to Richard G. Jones, general manager, who reported to patron members at annual meeting of the California livestock cooperative in the Town and Country Inn at Sacramento, Saturday.

Jones said, "We ended the 1969 marketing year with a balance of over \$82,000.00 on the plus side of the ledgers, the first gains since 1965."

He explained that although this was not a great sum when the year's total dollar volume of almost \$65 million on livestock business was considered, it did

represent encouragement to C.L.M.A. patron members.

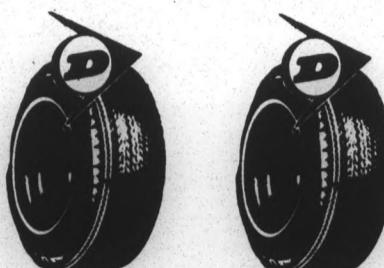

C.L.M.A. is the result of merging the California Farm Bureau Livestock Marketing association at Visalia and its northern counterpart, Valley Livestock association, formerly centered at Stockton. Losses between 1966 and 1968 went to \$218,000.00 with one year, 1967, accounting for \$167,000.00.

Jones credited the gains to a combination of unusually good cattle prices and a leveling effect in lamb sales, plus the association's reorganizational efforts and stringent economy and efficiency campaigns.

Boycotting of farm products, the truth about the farm labor situation, and a look at the present and future will be the general theme of a meeting of the Porterville Farm Bureau Center Wednesday night, and a tour on Thursday of the Terra Bella and Delano areas.

Speaker at the Wednesday evening meeting will be Allan Grant, president of the California Farm Bureau Federation, with dinner to be served at 7:30 p.m. at Gang Sue's.

Also speaking will be Dolores Mendoza, a picking foreman from Delano who will discuss what has taken place in Delano in connection with United Farm Workers Organizing committee

activities.

On Thursday, chartered buses will leave the Paul Bunyan at 8 a.m. for a tour through the Terra Bella citrus district and a visit to a citrus packing plant, then on to Delano, where vineyard operations will be observed and lunch served in a labor camp kitchen.

Attending the dinner meeting and participating in the tour will be members of the California Society of Farm Managers and Rural Appraisers who have a weekend meeting in Morro Bay.

Les Taylor, president of the California Society and also chairman of the Porterville Farm Bureau Center, says that society representatives from many areas of California and from several states will participate prior to going on to Morro Bay.

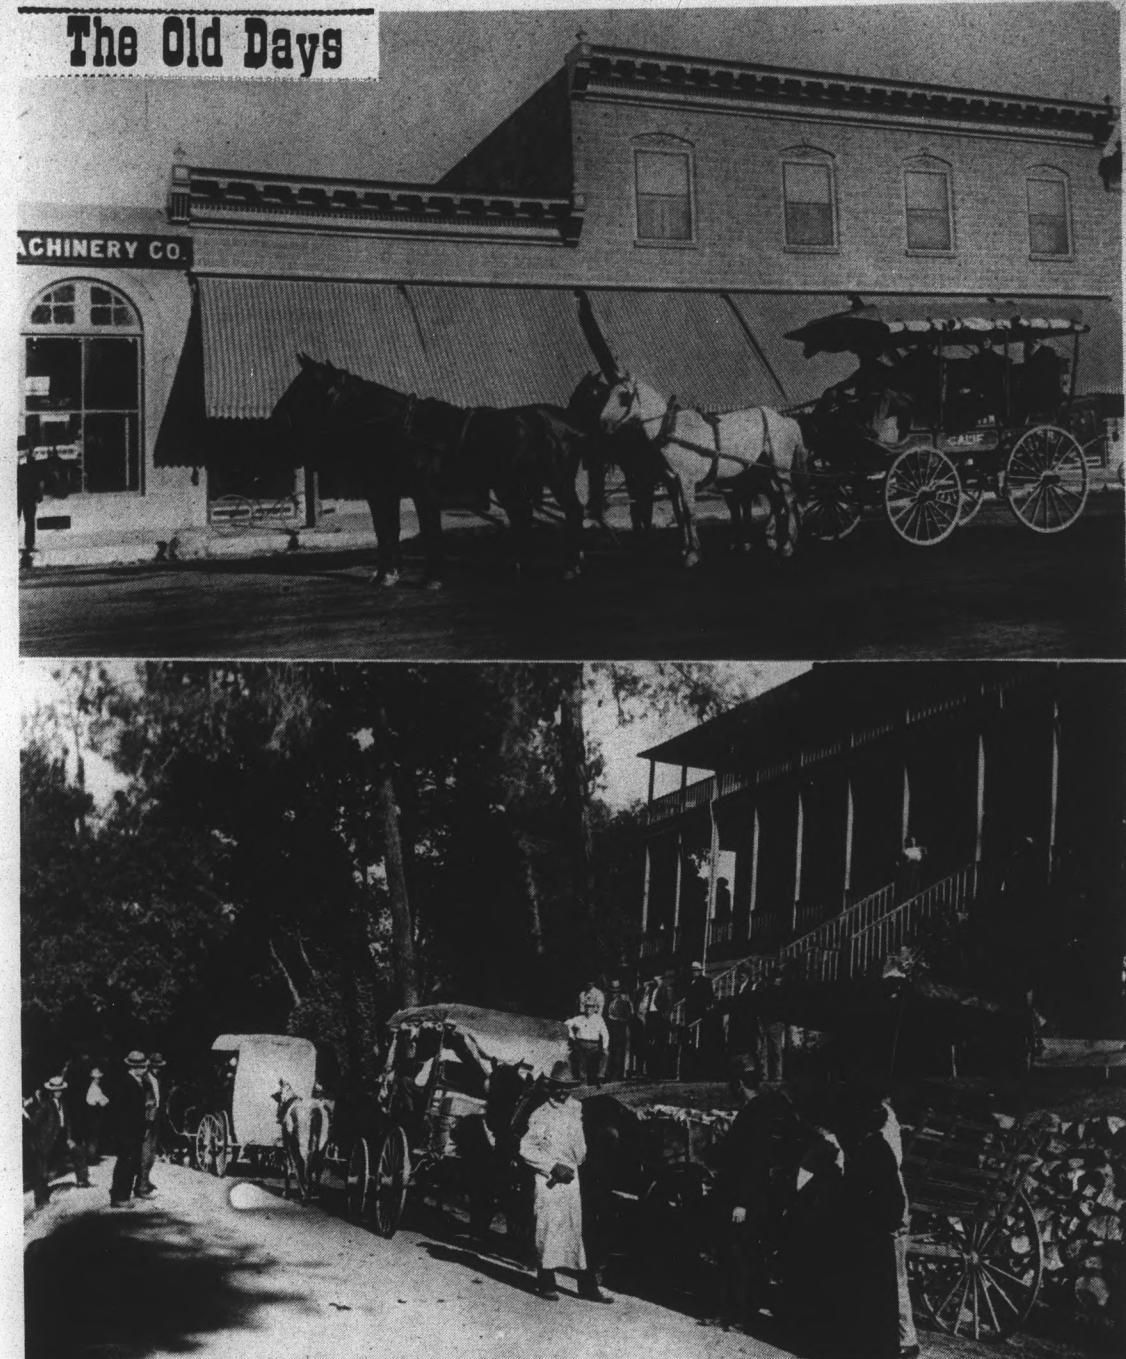

He says that at Delano the touring group will meet Jack Pandol and will view the Pandol Brothers vineyard operation. John Bree, a member of the CSFMR, will guide the group through other vineyard areas of Delano.

Taylor urges all Farm Bureau members in the southern county area to participate in the dinner meeting and tour, bringing with them their key employees.

Reservations for bus seats must be made with the Taylor Farm Management office at Terra Bella by noon, April 13, at \$3.00; for persons going on to Morro Bay, charge is \$5.00. Reservations may be made by telephone, 535-4427 or 535-4243.

Tour of the Delano area is expected to be completed by 3 p.m., after which the Morro Bay busses will go on to the coast; local buses will return to Porterville.

The Old Days

HEADING FOR California Hot Springs back in 1906 was this stage, driven and owned by L.C. Wills, who had the mail contract

between Porterville and California Hot Springs, also between Porterville and White River. Wills' daughter, Mrs. Earl (Vera) Mortensen, of Porterville, who, as a child, rode the stage many times, recalls that her father kept horses at both ends of the run, maintaining 16 head. The Wills family lived where the South Main city park is now located, and the stage horses at the Porterville end of the line

were kept there. Passengers were picked up at the Pioneer hotel. Lower photo shows the stage, and other vehicles, in front of the hotel at California Hot Springs; Wills is the man in the white duster. Top photo was taken on Main street near Garden; at left is a corner of the Ulmer Machinery Co. building. (Photos courtesy of Mrs. Earl Mortensen, copies by Edwards Studio)

MONTGOMERY WARD

Sometime this year, we shall be leaving the old Emigrant Trail to our new home at Henderson and Indiana and we are certain that the new store will be of tremendous advantage to our customers. To us, however, this does mean that we will not have to put up with the Jackass Mail Run in our front yard. What a blessing! We have enjoyed it, though, and it has certainly created excitement and activity.

No More Public Fishing At Arrowhead

LAKE ARROWHEAD — More than half a century of free public fishing from shore, along with the state's stocking of trout, have come to an end at privately-owned Lake Arrowhead in the San Bernardino Mountains.

Boise-Cascade Properties, Inc., owners of the lake, have elected to stock the lake with trout purchased from a commercial hatchery, and to allow no public fishing from the shore or dam.

Most of the shoreline has been sold and subdivided, making it virtually impossible to fish the shore except from someone's yard.

Public fishing on Arrowhead is now available only through the rental of boats at the South

Shore Marina, formerly known as the Lake Arrowhead Village Marina.

As the result, the state Department of Fish and Game has cancelled its annual allotment of 50,000 catching-size trout for the lake.

However, state sport fishing regulations and license requirements still apply on Lake Arrowhead.

RODEO QUEEN WILL BE CROWNED

(Continued From Page 1)

Porterville high; Kathy Jones, from Monache high; Denise Paul, from Lindsay high; and Karen Nalbandian, from Tulare high.

Horsemanship, personality, appearance and sale of special tickets are the points on which the queen and her attendants will be selected. Judging results in all categories are being tabulated by a public accountant who will present the names of winners in sealed envelopes Saturday night.

The Coronation ball will be the first official event of the Springville-Sierra rodeo week, with royalty for the RCA, world championship show to appear on television during the week.

Other events are: A Western parade through Springville's town area at 10:00 a.m.,

Saturday, April 18; a Western Cowboy dance that night on the Community slab, with music by Jimmy Tomlinson's TV musicians and entertainers; and the rodeo on Saturday and Sunday afternoon, April 18 and 19, in the Springville rodeo arena.

Also tied in with the Springville-Sierra rodeo is the ninth running of the Jackass Mail, from Porterville to Springville, on Saturday, April 11.

Excessive speed, failure to adjust to driving conditions, and following too closely are the three most likely causes of car accidents.
